

Authorization to Suppress Directory Information

Under the provisions of the Family Educational Rights and Privacy Act of 1974 as amended, I hereby request that the University of Maine suppress from publication nor release my directory information which otherwise would be made public. Directory information includes: name, date of birth, major, participation in officially recognized activities and sports, weight and height of athletes, most recent previous school attended, dates of attendance, degrees and awards, and full or part-time enrollment status. By exercising this right I am aware that my whereabouts will not be made known to anyone other than those who are authorized under the Act to have this information.

This authorization is applicable until the student requests, in writing, otherwise.

NOTE: Before you do exercise this privilege, be aware that ANY requests from parents, relatives, friends, student organizations, the University's public information service and all others who may wish to contact you WILL NOT be fulfilled. Only in emergency situations will we release information concerning your whereabouts to persons other than those authorized under the Act. This is a serious decision to be made on your part as past experience has shown that some students have regretted their decision to withhold directory information, when for example, friends or prospective employers have attempted to reach them without success.

Student's Printed Name: _____

Student's Identification Number: _____

Student's Signature: _____ Date: _____

See address and fax information above.
